

Ελληνική εταιρεία μελέτης και εφαρμογής των υπερηχών στην ιατρική και τη βιολογία Hellenic Society of Ultrasound in Medicine and Biology

Date: May 18th, 2022

The Hellenic Society for Ultrasound in Medicine and Biology had the chance to participate to the 48th Annual Panhellenic Medical Congress which was held at Divani Caravel hotel in Athens, on Saturday, May 14th, 2022, with a lecture.

The Topic of the lecture was:

“Practical Approach of the Thyroid Nodule with Ultrasound”.

The presentation was made by **Dr. Katerina Chatzimichail** MD, PhD – Radiologist – 2nd Department of Radiology – National and Kapodistrian University of Athens and Member of HSUMB.

The coordinator was **Dr. Konstantina Kyriakopoulou**, MD, PhD, Radiologist – Director of the Ultrasound Department at Medical Centre – Athens and Member of HSUMB.

The lecture was followed by more than 170 participants who were online at the moment and by many who were present at the Macedonia Hall A of Divani Caravel Hotel.
