Organoselenosilane-Mediated Selective Mild Access to Selenolesters, Selenoanhydrides and Diacyl Diselenides

Antonella Capperucci,* Alessandro Degl'Innocenti,* Caterina Tiberi *Synlett* **2011**, 2248.

We noticed that in Table 1, entry 6 R is incorrect. The correct R group is *i*-Pr and not *n*-Pr. Further, in Scheme 3 the correct formula of product **4** is Me₃SiSeSiMe₃ and not Me₃SiSeSiH₂Me₃. We apologize for these mistakes and for any inconvenience it may have caused.
