Synthesis of Bicyclic Ureas via Palladium-Catalyzed Carboamination

N. R. Bbajj, J. P. Wolfe* *Synfacts* 2013, 9, 1192.

In 9-*epi*-batzelladine K and the immediate precursor directly to the left (the substrate for the NaBH₃CN reduction) one NH group was depicted as an NAr group. We apologize for this mistake. The correct structures are shown below.
