## EFSUMB website changes

The updated EFSUMB website aims to provide an improved access point to all of the ultrasound courses, guidelines, interesting cases and industry news. Built on a new platform the site aims to offer the user better functionality through intuitive menus but using the familiar layout.

The EFSUMB site will now also offer over 100 different language translations for all bulk text, making it a truly multi-lingual experience and enabling us to extend our reach to of the ultrasound community right across the world. The EFSUMB website will be released in time for our Congress EUROSON 2017 Ljubljana, Slovenia.

Following on from our exciting website release, EFSUMB is proud to be developing a new and exciting APP to provide the most important Ultrasound news even when you are on the move.

The Ultrasound APP by EFSUMB will display all up-to-date courses, congress informa-

tion, abstracts, latest cases, Course books chapters, Guideline releases, Webinars and Industry news all from one point of access via your iPhone or Smartphone.

Keep a look out for the announcement of the EFSUMB Ultrasound App available to download from Apple iStore and Google PlayStore – coming soon! To register for updates on the Ultrasound App – visit <http://www.efsumb.org/appregister>
