IRIA President's Address

Pushaparaj Bhatele¹¹ Indian Radiological & Imaging Association, New Delhi, India

Indographics 2022;1:2.

I am extremely happy to share the 1st issue of '*Indographics*' with you. With the inaugural issue of this new journal, we have opened a new chapter in the history of Radiology publication in our country. As you are aware, we are publishing our reputed journal *Indian Journal of Radiology and Imaging (IJRI)* since 1947. With the increasing awareness of publications and increasing enthusiasm of the authors, it was need of the hour to expand our wings so that we can bring more extensive radiology teaching for our members and our readers who are spread across the globe. The journal will have Review articles and pictorial reviews that will be extremely beneficial in enhancing the knowledge of our readers. We are hopeful that the new journal will be extremely useful for the radiology students as well.

I would like to thank Dr. Anirudh Kohli, our immediate past Editor-in-Chief, the entire editorial team and all the authors for their hard work in bringing this issue to us.

I am sure that with the wholehearted support of everyone, we will continue to bring quality articles for our readers.

*Long Live IJRI!**Long Live IRIA!***Conflict of Interest**
