

A. Naaz et al. *Effect of Ovariectomy on Adipose Tissue of Mice in the Absence of Estrogen Receptor Alpha (ER $\alpha$ ): a Potential Role for Estrogen Receptor Beta (ER $\beta$ )*. *Horm Metab Res* 2002; 34: 758–763

Figures **4a**, **4b** and **4c** were printed in black and white but should have been printed in colour as shown below:

**Fig. 4** Immunostaining for ER $\beta$  in adult female mouse parametrial adipose tissue from WT (**A**) or  $\alpha$ ERKO (**B**) mice. Specific staining for ER $\beta$  was seen in nuclei in adipose tissue from both the WT and  $\alpha$ ERKO mice (arrows), while the control sections incubated with preimmune serum from the same sheep (**C**) did not show nuclear staining.
