

## Erratum

K.-H. Deeg, H.-M. Lode, I. Gassner. Spinal Sonography in Newborns and Infants – Part I: Method, Normal Anatomy and Indications. *Ultraschall in Med* 2007; 28: 507-517, DOI: 10.1055/s-2007-963052.

In Indication for spinal sonography and in table 3 the distance between the dimple and the anus has been falsely mentioned: The right distance is 2,5 cm and not 2,5 mm.
